Negotiations 09 Bulletin #001

Brothers and Sisters of Division 660 Shop and Rail,

The beginning of the negotiation process has started. On Thursday October 29 2009, the TCRC Division 660 and Bombardier Transportation met to exchange demands.

I believe it was a good initial meeting. We discussed the ground rules for negotiations. Bombardier gave us their demands then we gave them ours. A series of clarifying questions followed.

You may be astonished to hear that that the Company would actually have demands with so little language in the CA and MOUs. They do.

We will post Bombardier's demands and a general synopsis of your demands after we examine the Company document in more detail. We need to determine the implications of the Bombardier demands on the bargaining unit before any questions may arise from the membership. Following our review, the documents will be posted on the web-site and bulletin boards.

We are scheduled to meet again with the Company on Monday November 16th, for 3 or 4 days.

Stay tuned.
